

使用 SwiftUI 製作以下 2 個頁面，頁面裡的圖片可從 Google 找圖，不需要一模一樣。

Health Sharing

You're in Control

Keep friends and family up to date on how you're doing by securely sharing your Health data.

Dashboard and Notifications

Data you share will appear in their Health app. They can also get notifications if there's an update.

Private and Secure

Only a summary of each topic is shared, not the details. The information is encrypted and you can stop sharing at any time.
